Program Orientation: Master of Science degree in Nutrition, Healthspan and Longevity
September 7, 2018

Cary Kreutzer, EdD, MPH, RDN, FAND, Dir. Coordinated Program
And
Jeannie Wakamatsu, MPH, RDN, Internship Coordinator
USC Leonard Davis School of Gerontology

Mission

• The mission of the USC Leonard Davis School of Gerontology is to promote healthy aging for individuals, communities and societies through leadership and innovation in research, education and practice.
What is Gerontology?

The scientific study of the biological, psychological, and sociological phenomena associated with old age and aging.
USC Leonard Davis School Degree Programs

- **Undergraduate Programs**
  - B.S. Human Development and Aging
  - B.S. Lifespan Health
  - Minors
  - Advanced Placement/Progressive Degree
  - Internships

- **Graduate Programs**
  - Master of Science in Gerontology
  - Master of Arts in Gerontology
  - Master of Aging Services Management
  - Master of Long Term Care Administration
  - Master of Science Nutrition, Healthspan and Longevity
  - Graduate Certificate
  - Ph.D. in Gerontology
  - Ph.D. in Biology of Aging
Routes to Becoming an RDN

• Academy of Nutrition and Dietetics (AND) will require a Master’s Degree as the minimum requirement for entry-level practice for all graduates in 2024.
• Two primary routes to becoming an RD: DPD+DI or CP
• More students enrolled in DPD+DI; traditional route to RD
• CP targets students with Bachelors degree in another field

DPD=Didactic Program in Dietetics; DI=Dietetic Internship; CP=Coordinated Program
What does the USC Leonard Davis School of Gerontology CP Offer?

• Master of Science Degree in Nutrition, Healthspan and Longevity
• Coordinated Program
• Includes academic coursework and 1200 hours of supervised practice rotations (internship)
• Program is 46 units-can be completed in 2 years including 1 summer or 3 years for distance students
MS Coordinated Program in Nutrition, Healthspan & Longevity

- On-campus and distance students accepted and complete the program together, up to 20 students per year
- Does not require DPD but does require pre-requisites + bachelor’s degree (accredited)
- One course delivered in Genoa, Italy (1st summer) highly recommended, not required
- Required 40 hours experience (paid, volunteer, observation) with RD(s) prior to applying
- See USC Graduate School for tuition & application fees
- Must apply to the distance or on-campus track in USC Leonard Davis School of Gerontology
Core Knowledge & Competencies

• Defined by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) same competencies used for DPD, DI and CP

• Five categories and a program concentration area (pages 7-10 in Program Description, posted on Webpage).

• Our concentration area: Healthspan & Longevity
Concentration Area Competencies

• NHL 5.1. Translate research evidence on biology of aging and mechanisms for the extension of health and treatment of disease.

• NHL 5.2. Incorporate knowledge of nutrient gene interactions, molecular and biochemical parameters and medication use, into the nutrition care plan (MNT) for individuals with complex medical conditions.
Accreditation & Focus

• The program received full accreditation from the Accreditation Council for Education in Nutrition and Dietetics (ACEND) on August 13, 2018.

• Eight students admitted on-campus January 2015, 15 students admitted Fall 2015 & 2016, 19 admitted Fall 2017 and 20 admitted in Fall 2018 (75% of students attend on-campus).

• The program prepares graduates for roles in the field of nutrition and dietetics, promoting personalized nutrition through work in hospitals and health care facilities, long-term care, business, teaching, research or in private practice.
Prerequisites

• Bachelor’s degree from an accredited college/university. Prerequisites must be complete before starting the program.

• Cell Biology, Microbiology, General Chemistry, Organic Chemistry, Biochemistry and Human Physiology (with lab, as offered). General Psychology or Sociology, Algebra, Calculus or Statistics, Public Speaking/Communication, Introductory Food Science and Human Nutrition.

• Prerequisite courses cannot be more than 10 years old at the time of application. The exception is general psychology, math and speech; there is no time limit on these three courses. The applicant is not required to complete prerequisites at USC.

• Applicants are asked to complete a template identifying prerequisite courses taken (posted on Webpage).

Identify with a * courses currently enrolled in
40 Hours with an RD Requirement

• The purpose of this requirement is to help you gain exposure to RDs and the work they do.
• You are not limited to 40 hours but must complete at least 40 hours.
• RD work in the community, hospitals, private practice, foodservices, or in schools
• You will summarize your experience and identify your mentor and contact information, obtain a signature for at least 40 hours, upload one document with application under “Other Documents”
Student Activities

Special Olympics International Games with Evelyn Crayton, President AND, Summer 2015

Poster Presentations CA Academy Annual Conference Cohort 3, 2018

Helping with Food Prep LA Kitchen 2017
How do you find an RD?

• Join the Academy of Nutrition and Dietetics (AND) as a Student Member ($58/yr), join State and/or local affiliates, e.g. LAD (Los Angeles) and consider practice groups and/or interest groups ($15-$40 each)
• Get involved, volunteer, write an article or blog
• Contact programs in your community with RDNs
Applicant Selection

1. Academic potential (as reflected in undergraduate study and prerequisites post bachelor’s degree, minimum GPA > 3.0); professional potential as reflected in experience, references and career goals.

2. The school requests information from applicants to supplement that supplied by the USC Application for Graduate Admission. Supplemental information includes a resume, statement of interest in nutrition, healthspan and longevity and two letters of reference (academic, work). Submit an email for your references, they will receive a link from USC to upload letter and complete a short evaluation form.

3. Applicants are required to document at least 40 hours of paid or volunteer work experience with a Registered Dietitian.

4. The GRE is not required unless your GPA is < 3.0.

5. Interviews will be scheduled (at USC and Skype) for highest ranking applicants.
Graduation Requirements

• Completion of 46 units of coursework, includes 28 units of required courses, 12 units of supervised practice and 6 units of research.

• The program summative experience will be a capstone project. Students will be required to present their work at a state or national dietetics conference or submit to a peer-reviewed publication as a requirement of graduation.

• Students will be encouraged to attend at least one state or national dietetics conference and/or the CA Academy of Nutrition & Dietetics Policy Day in Sacramento.

</table>
Supervised Practice Sites

- USC Hospitals-Keck, Norris Cancer Center and Verdugo Hills
- LAC+USC, UCI, St. Francis, St. Joseph, St. Jude, Glendale Memorial and Torrance Memorial
- Children’s Hospital of LA, Long Term Care and Skilled Nursing Facilities
- USC Hospitality, USC Sports Nutrition and Research Labs
- USC Head Start, public and private schools, community colleges and non-profit public health nutrition programs
- Private practice, consulting RDs, and disordered eating/substance abuse programs
Student Profile for Site View

**Personal Information**
- **Student Name:** Lew, John
- **Graduating Year:** 2019
- **Race:** 
- **Area of Interest:** Retail Food Service, Inpatient Foods, Medical Nutrition Therapy 1, Medical Nutrition Therapy 2, Sports Nutrition, Pediatric, Maternal/Prenatal Nutrition, Research, Nutrigenomics/Nutrigenetics
- **Special Abilities:** N/A
- **School Student Id:** N/A
- **Veteran Status:** No
- **Personal Statement:** I am currently a Master student at USC Leonard Davis School of Gerontology in the program of Nutrition, Healthspan, and Longevity. I completed my B.S. in Nutritional Science, Physiology, and Metabolism at University of California, Berkeley. Having worked for The Oakland Raiders and USC Athletics, I developed a passion for sports nutrition and educating athletes on nutrition.

**Education History**
- **University of California, Berkeley - BS**
  - Major: Nutritional Science, Physiology, and Metabolism
  - Notes: Minor in Music
  - Start Date: 8/28/2012
  - End Date: 5/13/2016
- **University of Southern California - MS**
  - Major: Coordinated Program in Nutrition, Healthspan, and Longevity
  - Notes: Expected Graduation May 2019
  - Start Date: 8/22/2017
  - End Date: N/A

**Employment History**
- **Los Angeles Children's Hospital - Body Works Student volunteer - Un-Paid**
  - Start Date: 8/16/2017
  - End Date: Present
  - Responsibility: Educating prediabetic children on nutrition choices, exercise, and healthy living strategies.
Cohort 3 Following Capstone Project Presentations with Faculty and Staff April 2018

Cohort 4 White Coat Ceremony January 2018
On-Campus vs. Distance Students

- Students must enroll in one track only
- Distance student must be at least 100 miles from USC
- On-campus supervised practice scheduled by Internship Coordinator; Distance students must find preceptors for supervised practice and provide evidence that all 1st year rotations are set-up (guidance provided by Internship Coordinator)
On-Campus vs. Distance Students

• Classes scheduled (USC Course Listing) and recorded live
• Distance students encouraged to participate live (synchronous) but may also participate asynchronous
• Classes with lab experiences must be completed locally (distance students) and in some cases video-recorded for full class review
• Blackboard used for multiple functions including blogs, discussion groups, sharing documents, posting presentations, tests, assignments, correspondence. Final exams may be proctored.
Students in the News - Nutrition

Yasmeen Samad MSNHL ’18 published a literature review article in the Vegetarian Nutrition Update newsletter, a publication of the American Academy of Nutrition and Dietetics’ Vegetarian Nutrition Practice Group. She discussed the potential to address and treat polycystic ovarian syndrome, or PCOS, with a vegetarian diet.

Whitney English Tabaie, MS, RD, MSNHL ’17 received the Nutrition Entrepreneurial Professional Development Dietetics Student Award from the American Academy of Nutrition and Dietetics’ Nutrition Entrepreneurial Dietetics Practice Group (NE DPG).
Partial List Faculty

- Lucia Briceño MS, RD, CNSC, Lecturer, USC Gerontology
- Paul Nash, PhD, Associate Professor, USC Leonard Davis School of Gerontology
- Kurt Hong, MD, PhD, Nutrition Program Director, USC Hospital, USC Keck School of Medicine
- Kris Klinger, MBA, VP Hospitality Services, USC
- Cary Kreutzer, EdD, MPH, RDN, FAND, MSNHL Director, USC Gerontology and Keck School of Medicine
- Valter Longo, PhD, Professor, USC Gerontology
- Roberto Vicinanza MD, PhD, Teaching and Research Fellow, USC Leonard Davis School of Gerontology
- Hope Wills, MEd, RDN, CSP, IBCLC, Lecturer, USC Gerontology & Children’s Hospital Los Angeles
Applications Due

- January 15, 2019 for Fall 2019 enrollment, notification by April 1, 2019
- Applications now being accepted
- All applications will be reviewed together
- Please send ALL transcripts to Jim DeVera, USC Leonard Davis School of Gerontology, 3715 McClintock Ave, Mailbox 0191, Los Angeles, CA 90089-0191
