

Do you work & care?

The California Work & Family Coalition and Human Impact Partners are working together to conduct a project about State and workplace policies for working caregivers who provide care and assistance to loved ones with a serious health condition or disability

- Did you work in the retail, service, or restaurant industry anytime over the past 12 months?
- While you were working, did you provide support or care for a family member or friend and not get paid to do so?
- Did this person have a serious health condition or disability?

IF you answered "YES" to all of these questions, we want to hear from you!

We are asking people to discuss their experiences in a group. Childcare, and snacks/refreshments will be provided. You will also be compensated with a \$25 gift card.
