

Nov 24, 2020
CALEB E. FINCH, PH.D.
University of Southern California
Andrus Gerontology Center
Los Angeles, California 90089-0191
(213) 740-1758 phone / (213) 740-0853 fax / cefinch@usc.edu

Birthdate: July 4, 1939
Nationality: U.S.A.

Birthplace: London, England

MAJOR INTEREST: Genomic control of mammalian development and aging

EDUCATION

B.S. Biophysics; Yale University, New Haven, Connecticut; 1961
Ph.D. Cell Biology; Rockefeller University, New York, New York; 1969

APPOINTMENTS

- Guest Investigator, Rockefeller University; 1969-1970
- Assistant Professor of Anatomy, Cornell University Medical College; 1970-1972
- Assistant Professor of Gerontology and Biological Sciences, USC; 1972-1975
- Associate Professor of Gerontology and Biological Sciences, USC; 1975-1978
- Professor of Gerontology and Biological Sciences, USC; 1978-present
- Adjunct Professor of Neurology and Physiology and Biophysics; 1978-1999
- Visiting Associate, California Institute of Technology; 1983-1984
- ARCO and William F. Kieschnick Professor in the Neurobiology of Aging; 1985-present
- University Professor of USC, 1989-present
- Professoriates in the Dornsife USC College: Anthropology, Molecular biology, Neurobiology, and Psychology

SPECIAL GRANT AWARDS

Public Health Service Post-doctoral Fellowship; 1969-1971
P.I., Aging and Disability Resource Center (ADRC) of LA and Orange Counties (AG-05142); 1983-2003; coPI and coDir, 2003-
P.I., Leadership Award in Alzheimer Disease (AG-07909); 1988-1995

HONORS

- Gerontological Society of America, Fellow; 1975
- Robert W. Kleemeier Award of the Gerontological Society of America; 1985
- Brookdale Foundation Award for Distinguished Contributions to Gerontology through Research in Biology; 1985
- AAAS, Fellow; 1987
- Allied-Signal Inc. Award for Achievement in Biomedical Research on Aging; 1988
- Alzheimer's Association of Los Angeles Research Award; 1989
- Arthur Cherkin Memorial Award (UCLA); 1991
- American Aging Association Research Award, 1994
- Sandoz Prize, Premier Award of the International Association of Gerontology; 1995
- IPSEN Foundation Prize for Research on Longevity (Paris); 1996
- Institute for Advanced Studies on the Immunology of Aging (IASIA), Leadership Award in Communications; 1996
- American Federation of Aging Research, Irving Wright Award; 1999
- American Aging Association, 1999 research Award and Harmon Lecture; 1999
- Pioneer Award 2004, Alzheimer's Association of Los Angeles County
- Doctorate *Honaris causis*, June 2018, École Pratique des Hautes Études (EPHE).
-

USC Awards

- USC Associates Award for Creativity in Research, 1985
- Professor of the Year, 2008, Leonard Davis School of Gerontology Student Association,
- Phi Kappa Phi USC Faculty Award 2009 for "The Biology of Human Longevity"
- Phi Kappa Phi, inducted as member 2011, USC
- USC Presidential Medallion, April 2012
- Phi Kappa Phi, Lifetime Achievement Award, 2013
- Longevity Prize 2014, Davis School of Gerontology, Special Lectureship
- USC Faculty Recognition Honoree, Jan 30 2019, University Club
- The Ethel Percy Andrus Prize 2019 (awarded Jan 15, 2020)

Invited lectureships since 1986

- Johns Hopkins B University of Maryland Lectureship in Reproductive Biology; November 1987
- Wellcome Foundation Visiting Professor, Mt. Sinai Medical School; February 1987
- Kathleen Osborn Memorial Lecturer, U Kansas Medical Center, Dept Physiology; October 1991
- David B Tyler Memorial Lecturer, U South Florida, Dept Pharmacology; 1992
- 39th Swarmerdam Lecturer, University of Leiden; June 1992
- President's Guest Lecturer, American Fertility Society; December 1992
- Sigiloff Memorial Lecture, Department of Veteran Affairs, Los Angeles; April 1992
- Sigma Tau Foundation Lectureship, Rome, Italy; December 1992
- Bennett J. Cohen Memorial Lecturer, Institute of Gerontology, U Michigan; February 1993
- Joslyn Lectureship, University of California, Irvine, Department of Medicine; February 1993
- Wellcome Foundation Visiting Professor, University of Idaho; February 1995
- American Association of Geriatric Psychiatrists, President's Guest Lecturer; June 1996
- National Institute of Environment and Health Sciences, Distinguished Lecturer; October 1999
- U Rochester, Plenary Lecture at Killian Schmidt Symposium; October 2000
- Brookhaven Nat Labs, Distinguished Speaker: Puzzles & paradoxes of aging; Nov 2001
- Plenary Speaker, Third Leonard Berg Symposium, Washington U, St. Louis; Feb 8, 2002
- Plenary Speaker, Gordon Conference in the Biology of Aging, Ventura CA; January 15, 2003
- Visiting Distinguished Speaker, Dept Pathology Johns Hopkins School of Medicine; July 2004
- Robert Kohn Lecturer, Case Western Reserve University; November 2005
- George Maddox Lecturer, Duke University; March 2006
- Carl Franklin Lecture, USC; February 2007
- Darwin Lecture, Northwestern University; February 2007
- Hayflick Lecture, University of Alabama; April 2007
- Walford Lecturer, UCLA; April 2008
- Visiting Distinguished Professor, Southern Illinois University School of Medicine; April 2009
- Plenary Lecture, NIH Workshop on Systems Aging, Sante Fe Institute; August 2009
- Plenary Lecture, Longevity Consortium, La Jolla; December 2009
- Plenary Lecture, European Congress of Biogerontology, Palermo; October 2010
- Plenary Lecture, 5th Symposium on Engineering Negligible Senescence. Queens' College, Cambridge UK; August 30, 2011
- Plenary Lecture, DOHAD Conference, Portland OR; Sept 19, 2011
- Vincent Cristofalo Lectureship, Wistar Institute, Philadelphia; December 2013
- Tulane Center for Aging, Distinguished Lecture in Aging; March 20, 2014
- , UCSF Dept Geriatrics, Grand Rounds; August 18, 2015
- USC Neuroscience Graduate Program Plenary Speaker; September 2016
- Henry Stewart Talks, Biomedical & Life Sciences Collection; May 31, 2016.
- Cedars-Sinai Hospital Los Angeles, Dept Endocrinology; January 06, 2017
- Brown U, Eric Davidson Memorial Symposium, Plenary Speaker; January 25, 2017
- U Wisconsin, Center for Demography in Health and Aging; May 11, 2017
- IAGG San Francisco: Chair, Symposium Air Pollution and Dementia; July 27-29, 2017
- Sante Fe Institute, Harold Morowitz Symposium, Plenary speaker; August 12, 2017
- Alzheimer Center Finch Symposium; December 07, 2017
- Society of Toxicology, Plenary Speaker; March 09, 2018
- Alzheimer Centers of Michigan, Wayne State U, Detroit, Plenary Speaker; May 07, 2018
- Buck Institute, Plenary Speaker, Graduate Student Symposium, April 3, 2019
- AFAR Glenn Foundation Annual Symposium, June 3, 2019
- Wayne State University, invited lecture, Sept 17, 2020

OTHER MAIN ACTIVITIES

- Principal Investigator (Founding) and Co-Director, Alzheimer's Disease Research Center Consortium of Los Angeles and Orange Counties (NIA); 1983-present
- Associate Director for Neurogerontology, Research Institute of the Andrus Gerontology Center; 1984-1989
- Cell Biology Study Section (NIH); 1975-1978
- Neuroscience Study Section (NIH); ad hoc 3/80
- Chairman, Gordon Research Conference on Aging; 1982
- Committee on Life-Course Perspectives, Social Science Research Council; 1979-1986
- Advisory Panel, Impact of Technology on Aging, U.S. Congress, Office of Technological Assessment; 1982-1984
- Technical Committee, White House Conference on Aging; 1981
- Panel on Reproductive and Developmental Toxicology, Committee on Biological Markers, National Research Council; 1986-1988
- Membership-Fellowship Comm. Biological Sci. Sect., Gerontology Society of America; 1990-92
- Program on Successful Aging, MacArthur Foundation; 1984-1996
- President, Directors of NIA-Alzheimer's Centers; 1988-1990
- National Advisory Council on Aging (NACA; "NIA Council"), 1990-1993
- Chair, Biological Section, Gerontological Society of America; 1992
- Scientific Advisory Board, Alzheimer Association (National); 1987-1989, 1993-1996
- Initial Review Board of the Scientific Advisory Council, Alzheimer Association; 1997-
- Steering Committee for German-American Academic Council (GAAC) for German-American Young Scholars Institutes, Social Sciences Research Council; 1995-1999
- Co-Chair, Committee on Biodemography of Aging, National Research Council; 1995-1996
- Chair, Workshop on Bioindicators of Aging, National Research Council; 1999-2000
- Board of Scientific Advisors, Foundation for Comparative and Conservation Biology, Rockville MD; 1999-2010
- The National Academies Keck Futures Initiative Healthspan Steering Committee, 2006-2007
- Cure Alzheimer Fund (CAF), Scientific Advisory Board, 2011-present
- Advancing Biodemography, Steering Committee, National Research Council Committee, 2013-2014
- LLFS-OSMB, Long-lived Family Study, Observational Study Monitoring Board (NIA), 2017-present
- AFAR National Scientific Advisory Council (NSAC) 2010-2021

EDITORIAL BOARDS

Aging Cell, 2001-2006
Annual Review of Aging Research; 1986-1990
Comparative and Evolutionary Neurobiology; 1999-2001
Current Translational Geriatrics and Experimental Gerontology Reports, 2011-
Critical Reviews in Neurobiology; 1996-1999
Growth, Development, and Aging; 1988-2000
Experimental Gerontology; 1998-2006
Experimental Neurology; 1997-2001
Journal of Gerontology; 1978-1988
Journal of Developmental Origins of Health and Disease, 2009-2012
Mechanisms of Aging and Development; 1972-1966, 2000-2001
Metabolic Brain Disease; 1986-1991
Neurobiology of Aging; 1980-2005
Neurodegeneration; 1992-1997
Synapse; 1992-2004
The ScientificWorldJOURNAL, 2009-2015

SCIENTIFIC SOCIETIES

AAAS (Fellow, 1987)
