

Leonard Davis School of Gerontology Course copy for Spring 2021

Course copy allows you to copy over everything you put into place the previous semester you taught a course into the Blackboard page for the course you will be teaching this semester.

Click here on “Packages and Utilities”

The screenshot displays the Blackboard LMS interface for the course "20201_gero_414_36250: Neurobiology of Aging". The top navigation bar includes the USC Davis School of Gerontology logo and links for Home, Content Collection, Libraries, and Help. The course title and a status message "(Course is unavailable to students)" are visible. The sidebar on the left contains a list of navigation links, with "Packages and Utilities" highlighted at the bottom. The main content area features the course title "Gerontology 414" and "Neurobiology of Aging", along with photos and names of the instructor (John Walsh, PhD), co-instructor (Timothy Lu, M.S.), and two teaching assistants (Maria Ashna, M.S. and Vanessa Ocon, B.S.). Below this, there is an "Announcements" section with a "Create Announcement" button. The bottom section shows a "Live Announcements: Lectures (Updated 05/08)" announcement, posted by Timothy Lu, detailing lecture videos and a Zoom link.

Click “Course Copy”
from the drop down
menu

Live Announcements: Lectures (Updated 05/08)

Posted on: Friday, May 8, 2020 2:26:11 PM PDT

Last Updated 05/08, 2:30 PM, Final Review up

Hi 414!

This announcement is for the lecture videos. We'll keep this list as updated as possible. Come here (link below) that you can go through or you can just use the zoom link. The Youtube link may take a while to be uploaded by the evening after Zoom processes it and then Youtube processes it.

Click on “select all” and all of the boxes will get checked, you then hit submit (remember you selected you destination course earlier). You then will have to delete old announcements and discussion posts in your new 2021 course

Success: Course copy action queued. An email will be sent when the process is complete..

Packages and Utilities

Course Copy

Copy information from selected course.

Export/Archive Course

Create a backup package of the Course. Archive will include user records and interactions with the Course while Export will only include Course content.

Import Package / View Logs

Import specific areas or all of the materials in a package file.

Manage LTI Links

Manage LTI links.

This “confirmation” message will pop-up in Blackboard in your old course you were copying.

It takes a little while to transfer to your new course.

Success!
As seen in
my new
course for
20211

USC Davis

School of Gerontology

Instructor:
John Walsh, PhD.

Co-Instructor:
Timothy Lu, M.S.

Gerontology 414

Neurobiology of Aging

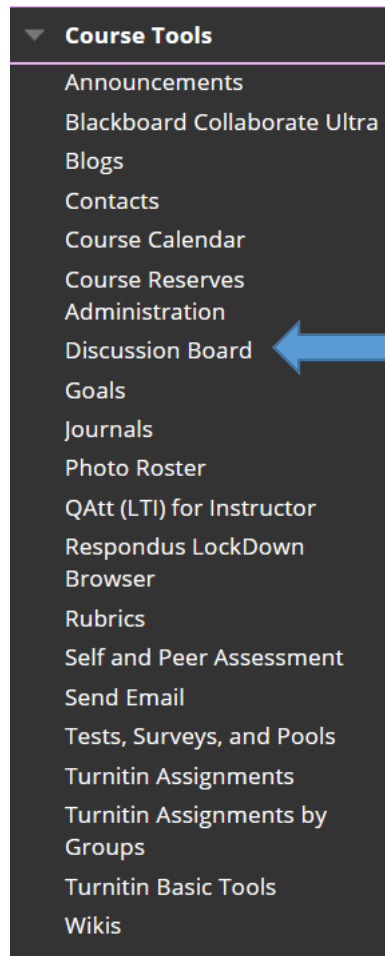

TA: Maria Ashna, M.S.

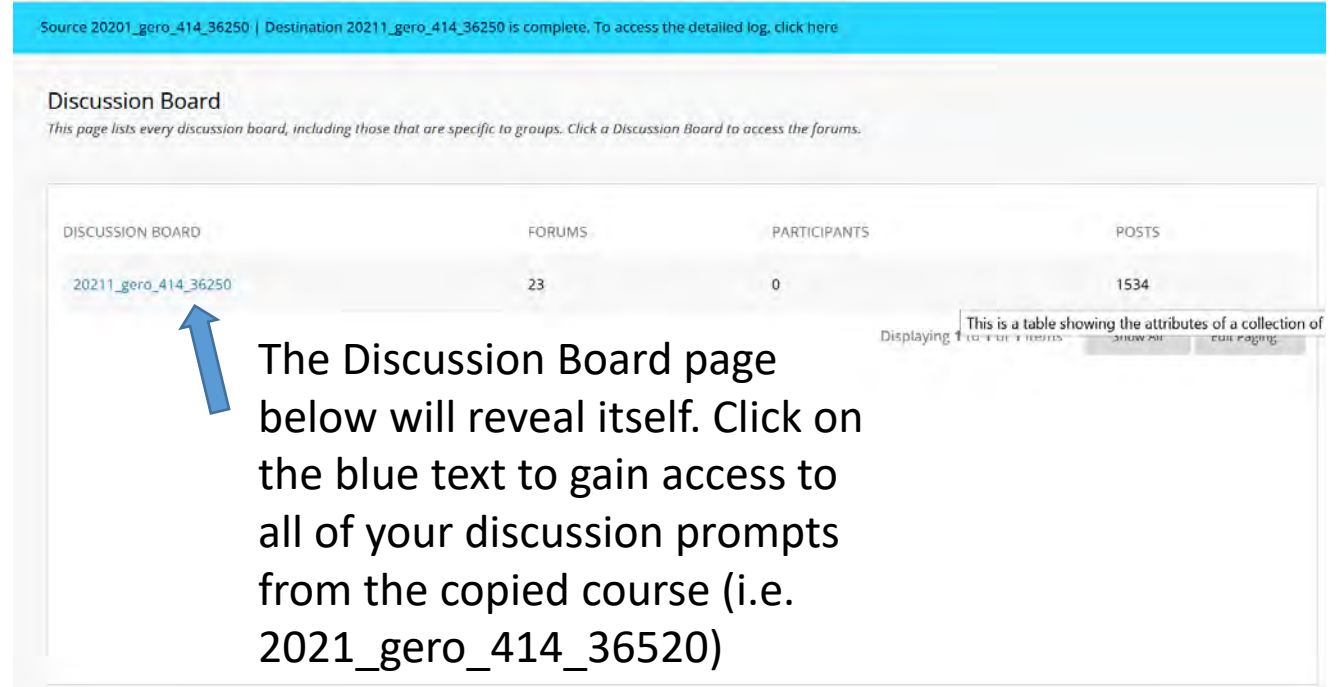

TA: Vanessa Ocon, B.S.

Now, let's go clean up the discussion board!!!

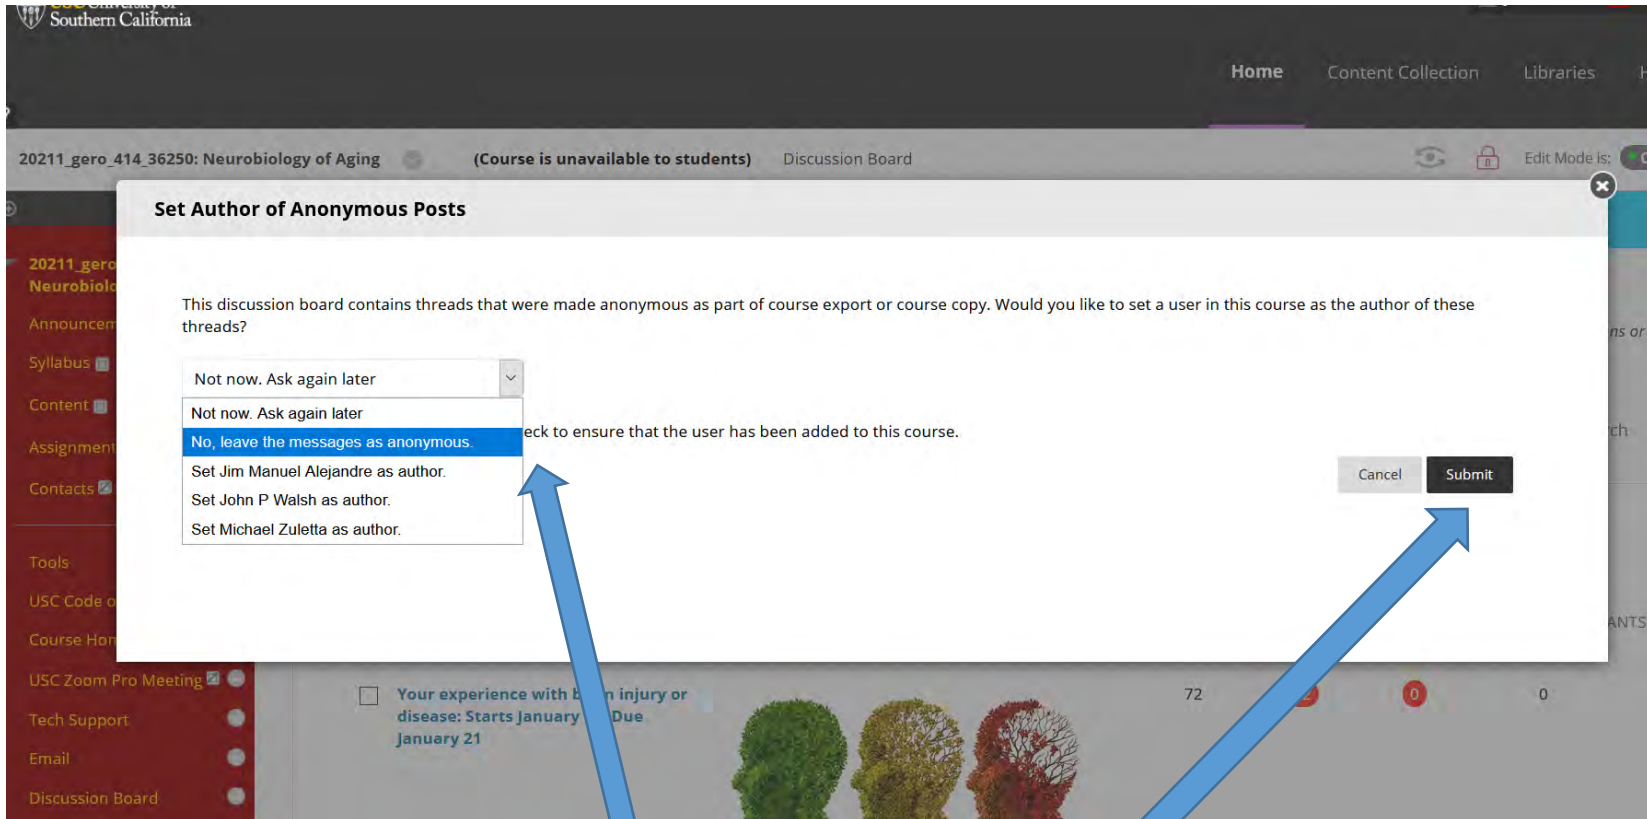

This is the Course Tools drop down menu. Click on Discussion Board

To gain access to your old discussions (in your new course) to remove “anonymous” posts click Course Tools

The Discussion Board page below will reveal itself. Click on the blue text to gain access to all of your discussion prompts from the copied course (i.e. 2021_gero_414_36520)

Select "No, leave the messages as anonymous" choice from the drop down and then, click "submit"

You will see all of your discussion prompt from the prior semester are intact, and then you will have to click on the discussion, (in blue text) here, to gain access to the posts for deletion

20211_gero_414_36250: Neurobiology of Aging (Course is unavailable to students) Discussion Board

Source 20201_gero_414_36250 | Destination 20211_gero_414_36250 is complete. To access the detailed log, click here

The imported/copied seeds posts will be left de-anonymized.

Discussion Board

Discussions are a good way to encourage students to think critically about your coursework and interact with each others' ideas. You can create discussions around individual course lessons or for your course in general. [More Help](#)

Create Forum

	FORUM	DESCRIPTION	TOTAL POSTS	UNREAD POSTS	UNANSWERED POSTS
<input type="checkbox"/>	Your experience with brain injury or disease: Starts January 13, Due January 21	 <p>Tell the class what your experience has been with a friend or family member who suffered from brain injury or a neurodegenerative disorder like Parkinson's Disease, ALS, MS or Dementia.</p>	72	72	0
<input type="checkbox"/>	Ageing and the Brain - R Peters: Start Jan 15 Due January 28	 <p>Ageing and the brain - R Peters</p>	71	71	0
<input type="checkbox"/>	Oxidative stress, neurodegeneration, and the balance of protein degradation and protein synthesis, Part 1 (pgs 170-175), Starts January 23 - Due January 30		68	68	0

This is the number of anonymous posts in the discussion and it will go to Zero when you successfully delete them (next page).

1

Scroll to the bottom of the posts page and click on “Edit Paging...” so you can select all of the posts during the deletion (each page shows 25 posts, but this class for example has 72 posts – so, I will increase the number to 100 so that a single deletion stroke takes out all of them.
